

Green Township Friends & Family,

You Are Cordially Invited to join The Ninth Ohio: A Living History for a Civil War period demonstration focusing on soldier and camp life, with highlights on the experience of the German-American soldier during the Civil War. Listen to live music, taste authentic period food cooked over an open fire, or even fall in with the Niners as we perform drill just as most soldiers would have!

Event is rain or shine - be sure to wear comfortable shoes and/or long pants for our hands-on activities! See our event on Facebook for further details!
